

myCaravaning-App

*Your smart travel
companion on the road.*

Operate. Monitor. Discover. Everything in a single app.

When you are on the road, what matters most is what simply works. The myCaravaning-app combines smart features so you can stay in control with total peace of mind. This makes for a more relaxed journey and gives you greater freedom on every trip.

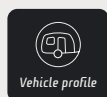

Operate, monitor, plan, and discover –
everything in one app.

Smart features for the start of your journey.

Traveling is more relaxing when you're well-prepared. The myCaravaning app gives you an at-a-glance overview of all information regarding your vehicle and your trip.

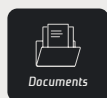

PLANNING AND ORGANIZING

Vehicle profile

Vehicle profile

Create individual profiles for your vehicles. This ensures that all linked functions are always correctly assigned.

Documents

Documents

Store manuals and operating instructions in your personal library – digital, organized, and always close at hand.

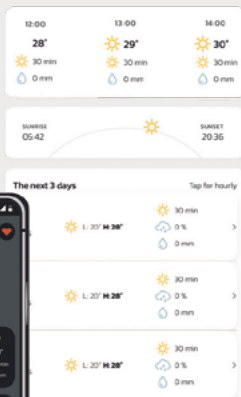

Weather

Weather

Plan your trip using the 14-day weather forecast and stay updated on changing weather conditions while on the road.

*Know today what tomorrow brings.
Be prepared for what lies ahead on your
journey. This allows you to plan flexibly and
enjoy every leg of the trip in a relaxed manner.*

Intelligent systems for safe journeys.

Intelligent safety systems provide noticeably greater comfort: they display key vehicle data and issue early warnings regarding any irregularities.

MONITOR AND PROTECT

easydriver safetyre

Keep an eye on your tire pressure while driving – you'll be alerted to changes in pressure or temperature before an issue arises.

ETS Plus

Check the status of your stabilization system – the app shows whether the system is ready for use or is intervening during critical swaying movements.

Smart solutions for a stress-free arrival.

A beautiful spot is only perfect if your vehicle is positioned correctly. Smart features help you quickly find the right place.

LEVELING AND POSITIONING

easydriver maneuvering system

„Easy“ gets truly smart: control your easydriver maneuvering system with a single swipe and steer your caravan safely to its destination.*

Easy Wheel

Raise and lower your jockey wheel easily using the motor. This allows you to set the correct height effortlessly and comfortably, without manual cranking.

easydriver LevelDrive

Operate your leveling system via the app and let it guide you to the perfect alignment for your caravan.

Digital spirit level

Determine your vehicle's tilt angle using the digital spirit level and level it precisely – without extra accessories.

Sun position

Effortlessly find the perfect position for your vehicle – in the sun or in the shade, exactly as you wish.

*App control comes standard with the easydriver infinity.

Total control for your supplies.

With the myCaravaning app, you can check the status of your power supply and always see what your mobile home needs.

MONITOR AND PREPARE

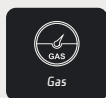

Battery

Keep an eye on your battery's charge level and receive timely alerts to prevent breakdowns.

Battery charger

Stay informed about your battery's charging status.

GIM gas level indicator

Check your gas cylinder's fill level – comparing the readings gives you insight into your consumption. Suitable only for 11 kg DIN gas tanks.

myclean®water

Receive a timely reminder for your next filter change. This ensures you can always count on safe, great-tasting drinking water while on the road.

*Everything is covered. Everything is clear.
Smart status indicators provide peace of
mind during every trip, letting you set off
on your next adventure with confidence.*
